Crystal Park 3 - 910
305-8238

Reason for application being returned

Specification - Drawings -- The specification contains reference to, for example Figs. 11(1) - 11(5) when the figures are actually number Figs. 11(a) - 11(e). Please note that this IS NOT in the brief description of the drawings on the right side of the file. Please see for example pages 20,29,35,40, and 43 these are only marked as examples don't assume that they are the only instances that need corrected. The query states beginning with page 20 through page 86.
